Dear Friends,

As First Lady of the great state of Nevada, it is my sincere pleasure to extend congratulations to you in celebration of the Foundation for Recovery's Open-House. This organization is to be commended for the crucial and effective role they play in the overall health and well being of the Silver State.

Substance abuse has a substantial and horrific impact on the businesses, communities and families within our state. The extensive research performed by this charity, provides us with the knowledge and skills necessary to effectively combat and prevent addiction. Further, this research is pivotal in understanding the most powerful recovery processes of inflicted citizens. Through these means, the community is educated on the positive benefits of recovery, enabling former addicts to pave a brighter future for themselves and their families.

Additionally, The Foundation for Recovery provides scholarships and funding to students, individuals and families within the state's university and treatment center system. The services provided by facilities like this one, are imperative for maintaining quality and excellence with our great state. It is for this reason, that I am proud to lend my support to the Foundation for Recovery and their advantageous endeavors.

I hope that you join with me in championing this cause. Together, we can ensure many more years of continued and growing success.

Sincerely,

A handwritten signature in blue ink that reads "Dawn Gibbons".
